Newspaper**hhch**ivE®

SATURDAY MORNING HIND A 1881 progress will, but through want of necessary against another into sold the sign is limited another into sold the sign is limited another into a number state and the standard names have the sold by the printed of its number state of the sold the others since collected possible the number of names that were obtained could nave been had without difficulty. The movement is a very some of the first state of the number of the interest of the first state of the number of the interest of the first state of the number of the inguitance from the size of the number of the inguitance from majority of all classes who are interested in scentring responsible government for the city. The which appoints will be the indicates the properties and places and office seeders, who always around places and office seeders, who always around to mask their purposes under the name of party, and to care rythem the calculates the party label. The propele ask only for home stand capable officials. No party question its, or can have alway be that they were demonstrated the seeders and manifestation. If the circums commutates in their agreements of a manifestation of the commutation in the name of candidates there will be always since in two of intermental underly in second of the properties of the control o nds and objects of those who scand on opprocessible of this contest. On the the side the cole object is to a care an administration of the city's affairs for the benefit of the city. On the other the selective is to use the selmusi-tration of the city for the benefit of affi-cials and those connected with them. The methods wil, he as different as the objects. On the one hand there is to be an open appeal to the people to look after their own interests in the people to look after their own interests in the state and on the other an about 1 these there are short 1 the state will of the people through contract the will of the people through the people thr ment," on which craft and corruption rely for carrying elections. This is so clear that re-citizen should besitate as to his own course.

DIVERSITY OF INDUSTRY NEEDED. People who consider the matter only superfindily are not to get an erroneous notion of the character and extent of our exports, often WANGOOD EXPLANES, IMPROVES OFTE Property for a stock of the retainbook is often inferring from their immense agar gates that they are largely diversined. But this is not a sound inference; and in order to correct it a New York commercial journal points out the fact that out of the total domestic exports of 1886, which amounted to \$875,260,000,000; only along \$150,000,000 represented other articles. about \$150,000,000 represented other articles than broadstuffs, of which there were experted absert \$226, brought worth, and raw conton \$208,decided worth; of precisions, \$200,000,000 worth, and of live animals, \$18,000,000. It thus appears that only about seventeen per four per cant, of the total domestic manufac-tures of the United States, while on the other i hand the eighty-three or cent, of acricultural A hours's hand the epidepennes of events of sacross costs of the experts are only also at tomap per cont. of the total production. But this twenty per cont.

To example A PAIN SACROSS APPLES APP example eighty per control one total culton. HOSS ISLAND REPLESSMENT HOUSE

No citizen should allow an importment and

absurd ery for "party "to mislead him on such

an accasion and in such a matter.

perfation of an increase in the common for the first products in the proportion of the theorems for the first product of the first pro warning in this direction. Moreover Eurocountries are almost the carry customers. print constituent products that we have the transfer an entire the characteristic for an entire the characteristic for the world buy compared why red buy the transfer to the characteristic for the characteristic form the Fried States. The fact that our fergine trade is related to sesmall may in some sense a secret for the latherty of the people as a whole on the subject of America coming, but as the former traceases the depend for life or death on the latter them. d perhaps not until then, will the rediev to
